ABOUT SOUND KODZ

Sound Kodz's music channels positive energy that produces uplifting sensations simply missing from today's music.

It is never derogatory and loved by fans of all ages, ethnicities and backgrounds. It's bringing the fun, the poeticism, lyricism and the sustenance back to hip-hop, returning to the genres core values. In their own individual households as young kids, they were all exposed to great music. Which contributed to their desires to one day become musical artists.

Each member of Sound Kodz started their love of music between the ages of 8 & 9 years old. They began singing and/or dabbling in Hip Hop. The members of Sound Kodz are inspired by 80s and 90s artists like MC Lyte, Nas, Bone Thugs-n-Harmony, Tupac and Biggie Smalls. Since their passion was ignited they have continued their musical journey into Hip Hop.
